Watagodawela, Boralanda, Sri Lanka

PROFILE SUMMARY

I am an Undergraduate in the BSc (Honors) Software Engineering degree at NSBM Green University of Sri Lanka. I'm enthusiast in Software Engineer. Also interested in Software Quality Assurance (QA) , UI/UX Designer and Full Stack Developer. I hope to be followed by industrial training in a leading company. With a passion for problem-solving and continuous learning. I'm eager to apply my skills in future projects and make a meaningful impact in the industry.

EDUCATION

- NSBM Green University of Sri Lanka 2024 Present
Bachelor of Software Engineering Homagama, Sri Lanka
- B/Bandarawela Central College 2020
G.C.E. Advanced Level Bandarawela, Sri Lanka
- B/Bandarawela Central College 2017
G.C.E. Ordinary Level Bandarawela, Sri Lanka
- B/Bandarawela Central College 2018
G.C.E. Ordinary Level Tamil Language Bandarawela, Sri Lanka

PROJECTS

- **ShareNest App – Mobile Application** 2nd Year Project
Dart, HTML, C++, C
ShareNest is a Flutter and Firebase-based community resource sharing mobile application that allows users to borrow and lend items within their local area. The platform helps reduce unnecessary purchases by enabling people to share resources with neighbors.
- **BlindMatchPAS – GitHub Project** 2nd Year Project
JavaScript, HTML, CSS, C#
A secure, web-based Project Approval System (PAS) built with ASP.NET Core that features a 'BlindMatching' mechanism to pair students with academic supervisors based on merit and research alignment.

- **DevConnect – Web Application**

1ST Year Project

PHP, CSS, JavaScript

Built a collaborative web application to connect developers and showcase projects. Used GitHub for version control and team collaboration. Focused on UI development and basic web functionality.

- **Book Wise –Book Management System**

1ST Year Project

Java, HTML, CSS

Developed a book management application to manage and organize book-related activities efficiently. The system allows users to browse books, manage records, and perform book handling operations through a user-friendly interface.

CORE SKILLS

- **Programming Languages:** Java, JavaScript, PHP, Python, C, C#, Python
- **Web Technologies:** HTML, CSS
- **Frameworks and Libraries:** Bootstrap, Flutter
- **Database Systems:** MySQL
- **Tools:** NET Beans IDE, Visual Studio Code, Android Studio, GitHub
- **Soft Skills:** Leadership, Team Management, Time Management, Task Coordination, Problem Solving, Reliable and consistent, Critical thinking, Committed to lifelong learning, Oral and written communication.

CERTIFICATIONS

Python for Beginners	CODL Moratuwa 2026
Web Design for Beginners	CODL Moratuwa 2026
Certificate Course in English (Merit Pass)	CODL Sabaragamuwa 2023
Short Course in Web Designing	CODL Uva Wellassa 2024
Certificate of Completion Programming Foundations Fundamentals	LinkedIn Learning 2026
Certificate of Completion Introduction to Prompt Engineering for Generative AI	LinkedIn Learning 2026
Daham Pasal (Dhamma School) Final Certificate	2017
Bauddha Dharmacharya Examination	2018

ADDITIONAL INFORMATION

Languages: English, Sinhala

Member of Volunteer Club of NSBM Green University

RELATED COURSEWORK

1st Year: Introduction to Computer Science, Programming Fundamentals, Mathematics for Computing, Database Management System, Computer Architecture, Web Application Development, Algorithms and Data Structures

2nd Year: Informational Management Retrieval, Computing Group Project, Introduction to IOT, Software Engineering 02, Mobile Application Development, Software Development Tools and Practices
